Maintenance

ALBERO LAMINATES decorative surface are easy to maintain with simple household elements such as those used for hand and dishes.

- Do not place frying pans or dishes directly from the oven or cook top on the laminate surface. Protect the surface from heat generating appliances by using trivet, protector rods or insulated pads.
- Do not use knife, keys other sharp objects directly on the decorative surface. A chopping block, cutting board or counter saver is recommended.

Storage

- The laminates should be properly conditioned to the ambient conditions of the surroundings for at least 48 hours before use.
- The protective film should not be removed unless the job is complete.

Cleaning

- Clean the surface gently with a clean, damp soft cloth. Do not use brushes or scourers at any time.
- Stains like coffee or tea can be removed using a mild household cleaner/detergent.
